Important Information Concerning the Validity of Your Certificate

Dear client,

please find enclosed your applied certificate with registration no. NV-5180BU0094. For the certificate you have selected the following surveillance procedure(s):

Model	Production site	Surveillance proc.	Lab.	Deadline
PERP 60E	SEAL FOR LIFE India Private Ltd., Verwaltung, Gujarat	control testing, annually	EBI	24.03.2019

The exact name and address of the test laboratories you will find under: www.dvgw-cert.com/de/produkte-gas/prueflaboratorien.html bzw. unter www.dvgw-cert.com/de/produkte-wasser/prueflaboratorien.html!

According to section 5 of our actual Rules of Procedure for the Certification of Products in the Non-harmonized Sector from January 2013 the certificate holder is obliged to commission regular surveillance measures once DVGW certification is granted. We expect the surveillance procedure to be carried out in time and request the surveillance test report until the above mentioned deadline.

This deadline for the complete surveillance test report must not exceed 3 months. If DVGW CERT GmbH does not receive the complete test report until 3 months after the deadline at the latest, we must suspend the certificate. Please contact your test laboratory in time and sign a surveillance contract settling regular inspections within the given period.

We must inform you that DVGW CERT GmbH will accept no liability for any damage caused by suspension or withdrawal of certificates due to lack of surveillance in due time.

Instead of control testing you can possibly choose a surveillance procedure of the manufacturer's production quality, including the approval and audit against the product-specific requirements by DVGW CERT GmbH. This depends on the specific regulations in the DVGW rules. Please contact DVGW CERT GmbH for more details.

Thank You
DVGW CERT GmbH
